

WEB Scale

A series of 10 statements to determine safety in relationship. The respondent is asked to rate how much she agrees or disagrees with each of the statements on a scale of 1 to 6 ranging from disagree strongly (1) to agree strongly (6). The numbers associated with her responses to the 10 statements are summed to create a score for the WEB.

A score of 20 points or higher on the WEB is considered positive for IPV
